About Us:

BizOps Solution Services (BizOps) was founded in March 2023 and is a Service Disable Veteran-Owned, Woman-Owned, Minority-Owned small consulting firm dedicated to exceptional customer service. As a trusted partner our organization collaborates with clients to analyze processes and identify opportunities that enhance business workflows to optimize outcomes. BizOps employs best practices and provides necessary training that posture clients to meet their current and future requirements. BizOps is prepared to solution the toughest of challenges with a portfolio that includes health informatics, business process analysis and facilitation, professional development and training, project management, office management services, and tier-one and tier-two help desk operations. WE work with YOUR team to make YOU great.

Why Choose BizOps?

BizOps is led by two professionals with a combined 50 years of successful management of multi-million dollar and multi-faceted programs and projects, in large and small organizations, in both federal and private sector space. Dedicated to partnering with organizations to increase their efficiency, BizOps uses purposeful targeted planning and tailored-made solutions creating best practices that facilitate success and sustainability. Excepting nothing less than exceptional customer service BizOps creates **Partnerships of Excellence**.

Managing Partners have over 40 years of experience supporting federal agencies:
